

# Lonely At The Top

Van Morrison

Lonely at the top  
Lonely at the bottom too  
Don't know when it's gonna stop  
I just don't know what to do

Lonely in the middle  
Lonely in the end  
Tell me, why you wanna be  
Lonely at the top?

Crazy people on the phone  
I can't seem to get no rest  
Tell them that I'm not at home  
Disconnect my telephone

Lonely in the middle  
Lonely in the end, my friend  
But why you wanna be  
Lonely at the top?

If there ever's seen a king  
Then tell me he's been here and gone  
Tell me that you seen his clothes  
Tell me that he have them order

He's lonely in the middle  
Lonely in the end  
Did you see the king  
Lonely at the top?  
Lonely at the top  
Alright

Lonely in the middle  
Lonely in the end  
But why you wanna be  
Lonely at the top?

Lonely at the top  
Lonely at the top  
Baby, you and me  
Baby, stick with me

Baby, stick with me  
Baby, can't you see  
Baby, you and me  
It's lonely at the top

Baby, you and me  
It's lonely at the top  
It's lonely at the top  
Lonely at the top

It's lonely at the top  
Lonely at the top  
It's lonely at the top  
It's lonely at the top  
It's lonely at the top

It's lonely at the top  
It's lonely at the top
