

# Nervous Breakdown

Van Morrison

First we start with the drums  
Then the bass  
Then the percussion comes in  
Next the piano  
Then we have the Hammond organ and the horns  
Then the vocal group comes in

Yeah yeah, yeah yeah  
Yeah yeah, yeah yeah  
Yeah yeah, yeah yeah  
Yeah yeah, yeah yeah

I was in the right place at the wrong time  
Feel like I'm losing my mind  
What goes around comes around  
What goes up must come down  
Say depression is suppression, anger  
Man, it feels like it to me  
When you're not allowed free expression  
Or to follow your obsession  
Showed you're not essential, it's a crime  
Against humanity  
Is it any wonder at this time  
Not much is working for me?

Nervous breakdown  
I'm having a nervous breakdown  
I'm having some kind of breakthrough  
I'm having a nervous breakdown  
I'm having some kind of breakthrough  
I'm having a nervous breakdown  
I'm having some kind of breakthrough  
I'm having a nervous breakdown  
I'm having some kind of breakthrough

And we break it back down to the drums  
Just like that  
That's the beat  
Then the bass comes in  
Then the percussion comes in  
We have the piano  
Now the Hammond organ and the horns  
Here comes the vocal group

Yeah yeah, yeah yeah  
Yeah yeah, yeah yeah  
Yeah yeah, yeah yeah  
Yeah yeah, yeah yeah

I've been in the show business so long  
I need to explain how it works around here  
Be at the right place at the wrong time  
Feel like you might be losing your mind  
What goes around comes around  
What goes up must come down  
Say depression is suppressed anger  
Man, it sure feels like it to me

When you're not allowed free expression  
Follow your obsession  
To be told you're not essential  
Is a crime against humanity  
Is it any wonder nothing's working at this time?
