

## Perfect Moment

Van Morrison

Sunset glow from a hill  
Let it flow take your fill  
Such a perfect moment  
Mona Lisa smile  
One such perfect moment  
Makes it all worthwhile

Autumn night crystal clear  
Mystic night seems so near  
Such a perfect moment  
Nothin' you can say  
One such perfect moment  
Gets you through the day

Mountain sheen, ocean shine  
Miocene valentine  
One such perfect moment  
Never twice th' same  
Such a perfect moment  
Will keep you in th' game
