## **Perfect Moment**

## Van Morrison

Sunset glow from a hill
Let it flow take your fill
Such a perfect moment
Mona Lisa smile
One such perfect moment
Makes it all worthwhile

Autumn night crystal clear Mystic night seems so near Such a perfect moment Nothin' you can say One such perfect moment Gets you through the day

Mountain sheen, ocean shine
Miocene valentine
One such perfect moment
Never twice th' same
Such a perfect moment
Will keep you in th' game
