Redwood Tree

Van Morrison

Bm F#m G F#m G A D

```
   D           A  As G
1. Boy and his dog
   G                            D
   Went out looking for the rainbow
   Bm       F#m    Em     F#m   G
   You know what did they learn
   G          A
   Since that very day

2. Walking by the river
   And running like a blue streak
   Through the fields of streams and meadows
   Laughing all the way

   D          A  As G
R: Oh redwood tree
   G             D
   Please let us under
   Bm           F#m               Em  F#m  G
   When we were young we used to go
   A                 D
   Under the redwood tree

3. And it smells like rain
   Maybe even thunder
   Won't you keep us from all harm
   Wonderful redwood tree

4. And a boy and his father
   Went out, went out looking for the lost dog
   You know what oh haven't they learned
   Since they did that together

5. They did not bring him back
   He already had departed
   But look at everything they have learned
   Since that, since that very day

R: Oh redwood tree...

6. And it smells like rain
   Maybe even thunder
   Won't you keep us from all harm
   Wonderful redwood tree

   Ta da da da...
