

Stop Bitching, Do Something

Van Morrison

Stop bitching, do something
Stop bitching, do something
Stop bitching, do something
Stop bitching, do something

I hear what you're saying, no need to run it by me, one more time
(Doo-doo, doo-doo, doo-doo, doo-doo, doo-doo, doo-doo, doo-doo, doo-doo)
I realize you have a lot on your mind most of the time
(Doo-doo, doo-doo, doo-doo, doo-doo) most of the time (doo-doo, doo-doo, doo-doo, doo-doo)

Gotta put up, or shut up
Put up, or shut up
Put up, or shut up
Put up, or shut up

Stop bitching, do something right now
Stop bitching, do something right now
Stop bitching, do something right now

When nothing's moving, you just have to push harder
(Doo-doo, doo-doo) keep on pushing (doo-doo, doo-doo) what are you waiting for (doo-doo, doo-doo, doo-doo, doo-doo)
Something you need to get in the way of, the system
(Doo-doo, doo-doo) is blocking you (doo-doo, doo-doo, doo-doo, doo-doo) telling you (doo-doo, doo-doo)

You're obsolete, non-essential
Obsolete, non-essential

You gotta put up, or shut up
Put up, or shut up
Put up, or shut up
Put up, or shut up

Stop bitching, stop bitching right now
Stop bitching, stop bitching right now
Stop bitching, stop bitching right now

Stop bitching, do something right now
Stop bitching, do something right now
Stop bitching, do something right now
Stop bitching, do something right now
Stop bitching, do something right now
(Do something or you might)
Stop bitching, do something right now
(Lose everything that you got)
Stop bitching, do something right now
(Wait for so long, you gotta put up or shut up)
Stop bitching (or shut up) do something

Put up, or shut up
Put up, or shut up
Put up, or shut up
Put up, or shut up
Got to put up, or shut up
Put up, or shut up

Put up, or shut up
Put up, or shut up

Stop bitching, do something right now
Stop bitching, do something right now
Stop bitching, do something right now
Stop bitching, do something right now
Stop bitching, do something right now
Stop bitching, do something right now
Stop bitching, do something right now
Stop bitching, do something right now
Stop bitching
