

# Thanks for the Information

Van Morrison

Thanks for the information  
Never give a sucker an even break  
When he's breaking through  
To a new level of consciousness  
There always seems to be more  
Obstacles in the way  
Thanks for the information I know  
It's only a combat zone  
Thanks for the memory,  
I'll just have  
To carry on on my own

Chorus:

And it's wonderful and it's marvelous  
How we can ever make it through  
Sometimes I wonder how we can ever  
Make it from day to day

Thanks for the information  
What you gain on the hobby horse you lose on the swing  
I like mine over easy  
And you can have your's sunny side up  
I don't wanna quibble over insignificant details  
And I've tried every trick in the book  
Thanks for the information  
I know I should look before I leap

Chorus:

And it's wonderful and It's marvelous  
How we can ever make it through  
Sometimes I wonder how  
We can ever make it at all

Thanks for the information  
Never give a sucker an even break  
And with her everything light becomes heavy  
And everything heavy becomes light  
They took me down to the watering hole  
Because I happened to mention I was dying of thirst  
Then they told me he who believes first will be later  
And he who believes later will be first

Chorus:

And it's wonderful etc etc....

Thanks for the information  
Oh never give a sucker an even break  
When you're on to something it's a  
Dime in a dozen people start  
Coming out of the woodwork  
Thanks for the invitation  
I know I must be on to something big  
Everytime I take two steps forward  
I end up having to take three back

Chorus:

And it's wonderful etc etc....

Thanks for the information  
A bird in the hand is worth two in the bush  
Every time I'm ready for a major breakthrough  
I always have to think in terms of better or worse
