

Think Twice Before You Go

Van Morrison

Think twice before you go
Baby, thisll be the end
Think twice before you go
Baby, thisll be the end
Can you leave me one time
Baby, you will leave again

Stay and suffer with me, baby
Then Ill know you paid your due
Stay and suffer with me, baby
Then Ill know you paid your due
If youre not there when I need you
Then you know you stand accused

Think twice before you go
Baby, thisll be the end
Think twice before you go
Baby, thisll be the end
If ya leave me one time
Baby, you will leave again

Ooh!

Youre breakin my heart
When ya know ya done me wrong
Youre breakin my heart
You know you done me wrong
Baby, come back home
Come back where you belong

Think twice before you go
Baby, thisll be the end
Think twice before you go
Baby, thisll be the end
If ya leave me one time
Baby, you will leave again

(one more time)

Think twice before you go
Baby, thisll be the end
Think twice before you go
Baby, thisll be the end
If ya leave me one time
Baby, you will leave again
