

# Western Man

Van Morrison

Western Man has no plan  
'Cause he became complacent  
Stopped believing in himself  
Let others steal his rewards  
While he was dreaming

While he was dreaming  
Others were scheming  
Doing deals behind his back  
Now Western Man is adrift, and under attack  
What happened in between?

Now there's no other bite of the cherry  
Unless he's prepared to fight  
Start on a new path to freedom  
New path to freedom

The horse has bolted from the stables  
Lunatics have taken over the farm  
Caretakers have taken over the main house  
Plan to start meetings in the forest

Going back to the way it was  
Now just seems near impossible  
Western Man has no plan  
They stole it while, while he was dreaming

Now there's no other bite, bite of the cherry  
Unless he's prepared to fight  
Start on a new path to freedom  
Horse has bolted from the stables  
Lunatics have taken over the farm

Caretakers have taken over the main building  
The governors have gone over the wall  
Plan to start meetings in the forest  
Not going back, not going back to the way it was

Western Man has no plan  
Since he became complacent  
Stopped believing in himself  
And let others steal his rewards  
While he was dreaming

While he was dreaming  
While he was dreaming  
While he was dreaming  
While he was dreaming  
While he was dreaming  
While he was dreaming  
Others were scheming

Scheming while he was dreaming  
Others were scheming  
While he was dreaming  
Others were scheming  
While he was dreaming
