

# Where Have All The Rebels Gone?

Van Morrison

Where have all the rebels gone?  
Hiding behind computer screens  
Where's the spirit, where's the soul?  
Where have all the rebels gone?

Why don't they come out of the woodwork now?  
One for the money, two for the show  
It's not very rock and roll  
Where have all the rebels gone?

Where have all the rebels gone?  
Waiting for someone else to make a move  
Why are they sitting on the fence?  
Well, it's some kind of pretence  
They're not saying much at all  
Where have all the rebels gone?

Where they really all that tough?  
Or was it just a PR stunt?  
One for the money, two for the show  
Where have all the rebels gone?

Where have all the rebels gone?  
One for the money, two for the show  
It's not very rock and roll  
Where have all the rebels gone?

Where they really all that tough?  
Or was it just a PR stunt?  
They're not saying very much, are they?  
Where have all the rebels gone?

Where have all the rebels gone?  
Hiding behind computer screens  
Where's the spirit, where's the soul?  
Where have all the rebels gone?

Need a real live audience to perform  
Where have all the rebels gone?  
Where have all the rebels gone?  
Where have all the rebels gone?  
Where have all the rebels gone?  
Where have all the rebels gone?

I can't find anyone  
Where have all the rebels gone?  
I can't find, no not one
