

Mission

Van She

Say you
Gives you back your ride
When you turn your back on them
Say cos it's me who wants this fight
My baby's strange

Say you keep turning back to the left
Just step back cos you don't care
Say cos it's me who wants this fight
My baby's strange

Strange (2x)

[Chorus x2]
On a mission
Can't you see?
On addicted fantasy
Come and make your move
You don't tell me baby
Whoa-ah-oh

[Verse and Chorus again]
