

Talkin'

Van She

There she goes again
There she goes again
She likes talkin'
To much talkin' for me

She likes to talk
Talk and run
I don't care
Just as long as she's there
We can talkin' 'bout
Talk it up

She just loves me
Once she gets talkin'
This is how we waste to no more time
In this town it's good to get goin'
Don't look down unless you miss this girl

Chorus

Ahhhhhhhhhhh (talkin' 'bout)
(I know your talkin' 'bout)

There she goes again
There she goes again
To much thinkin'
To much thinkin' for me

I love to walk
Walk alot
But she's there
I always open my ear
Tryin' to work it out
So stalk it up

She just loves me
Once she gets talkin'
This is how we waste to no more time
In this town it's good to get goin'
Don't look down unless you miss this girl

Chorus

Ahhhhhhhhhhh (talkin' 'bout)
(I know your talkin' 'bout)

And she says
And she says
That she wanted to be with you

But she talks
And you wonder what she really means to you.
