

Nosebleed!

Vana

I kinda wish you didn't know me
I kinda wish I didn't know things
Yeah, you deserve a fucking nosebleed
The satisfaction would be guaranteed
Why don't you throw a pity party?
So, everyone can say they're sorry
You like your lines a little blurry
So, wipe it up and tell a different story

I think it's time for a heart-to-heart, fall apart
You're nothing when you're in the dark, it's not that hard
You give me shit, I'll give you scars
I'll call it art and that's what you'll get, get a mark

You know I didn't wanna hate you
But you make it hard, I'm so fucking tired
I know I even tried to tolerate you
But if you gotta tell, you're boring as hell

And did you ever learn to shut up?
Because you're boiling my blood up
And did you ever learn to shut up?
Because you're boiling my blood up
Ba-da-da-da-da-da, shut the fuck up
Ba-da-da-da-da-da, yeah
Ba-da-da-da-da-da, da-da

You started acting like you're worried
Started acting like you're buried
You said you feel like you don't know me
I said "I know, baby, it's clearly working"
Tell your friends you wanna fight me
You fuck yourself up just to spite me
I'll take your accusations lightly
So, if you see me, baby, come and find me

I think it's time for a heart-to-heart, fall apart
You're nothing when you're in the dark, it's not that hard
You give me shit, I'll give you scars
I'll call it art and that's what you'll get, get a mark
I think it's time for a heart-to-heart, fall apart
You're nothing when you're in the dark, it's not that hard
You give me shit, I'll give you scars
I'll call it art and that's what you'll get, get a mark

You know I didn't wanna hate you
But you make it hard, I'm so fucking tired
I know I even tried to tolerate you
But if you gotta tell, you're boring as hell

And did you ever learn to shut up?
Because you're boiling my blood up
And did you ever learn to shut up?
Because you're boiling my blood up
Ba-da-da-da-da-da, shut the fuck up
Ba-da-da-da-da-da, yeah
Ba-da-da-da-da-da, da-da

Because you're boiling my blood up (da-da, yeah)
Ba-da-da-da-da-da, shut the fuck up
Ba-da-da-da-da-da, yeah
Ba-da-da-da-da-da, yeah
Da-da
