

Spit!

Vana

Smack it in the jaw
Teeth cracking blood drippin' on the floor
Bones splittin' Cheshire grinnin' give me more
Silver fillings bitch mine are made of gold
Babe I want it all
Yea, you feel my cracked lips
Have you ever had a sandpaper kiss?
Run your tongue along me babe, that's 40 grit
Hard to swallow, but you'll never tried to spit, 'cause babe, I'm hard to qu
it

Bite down, drilling in my head so loud
Now they're tryna strap me down
Saying I gotta wash my mouth
(Spit, Gargle, Rinse
Spit, Spit, Gargle, Rinse)
Why now, yeah, you're bugging me right. now
Brush me off, then chip my crown
Yeah, I'm better off somehow
Spitting you all out

Spit, Gargle, Rinse
Spit, Spit, Gargle, Rinse
Spit, Gargle, Rinse
Spit, Spit, Gargle, Rinse
(Spitting you all out)
Spit, Gargle, Rinse
Spit, Spit, Gargle, Rinse
Spit, Gargle, Rinse
Spit, Spit, Gargle, Rinse

Bite down sorry baby did I break the cast
I won't smile baby I'd rather be chewing glass
I grind my teeth for you, I've stripped my enamel back
My gums are bleeding bitch. I bet you weren't expecting that
Jaw's swinging so I'm scraping down my molars
Moods swinging so you call me bipolar
Haven't you heard babe that Molly's dating lithium?
I think they mentioned that they're probably fucking on my gums

What was that babe? You thought I didn't know her
Dinner play watch me skate talking roller
Grit your teeth, scrunch your cheeks, swallow down your gum
Babe, when we're finished, you'll be crying sucking on your thumb

Bite down, drilling in my head so loud
Now they're tryna strap me down
Saying I gotta wash my mouth
(Spit, Gargle, Rinse
Spit, Spit, Gargle, Rinse)
Why now, yeah, you're bugging me right. now
Brush me off, then chip my crown
Yeah, I'm better off somehow
Spitting you all out

Teeth cracking blood drippin' on the floor
Bones splittin' Cheshire grinnin' give me more

Silver fillings bitch mine are made of gold
Babe, I want it all

You taste just like a cavity
You taste so sweet but you're so sticky
And now you're all stuck in my teeth
Now I'm kinda wishin' I was put to sleep

Spit, Gargle, Rinse
Spit, Spit, Gargle, Rinse
Spit, Gargle, Rinse
Spit, Spit, Gargle, Rinse
Spit, Gargle, Rinse
Spit, Spit, Gargle, Rinse
Spit, Gargle, Rinse
Spit, Spit, Gargle, Rinse
