

# Daylight

Vance Joy

We were walking arm in arm through Barcelona  
There were people singing opera in the streets  
And I kissed you by the fountain in the square  
A part of my heart will always be there

Just wanted you to know  
The times I feel helpless  
Nothing but dark skies  
On the nights that seem endless  
You are like daylight, babe

(Ooh-ooh) You are like daylight, babe  
(Ooh-ooh) You are my daylight

We were watching as the waves came rolling in  
You said you were happy here  
You were wondering if we'd met when we were kids  
Did I think that we would've been friends?

Well, of course I do  
The times I feel helpless  
Nothing but dark skies  
On the nights that seem endless  
You are like daylight, babe

(Ooh-ooh) You are like daylight, babe  
(Ooh-ooh) You are my daylight

Just wanted you to know  
The times I feel helpless  
Nothing but dark skies  
On the nights that seem endless  
You are like daylight  
You're the one that can reach me  
When you look into my eyes  
No matter how lost I might be  
You are like daylight, babe

(Ooh-ooh) You are like daylight, babe  
(Ooh-ooh) You are my daylight
