

Freight Train

Vandenberg

Spinnin' in a straight line
Ignorin' any stop signs
Breakin' through obstacles in my way
I'll pickup the pieces some other day

Can you hear my train comin'?
Can you feel the ground shake?
Have you got what it takes?

I'm runnin' like a freight train
Burnin' down the tracks
Nothin' can get in my way
Like a freight train
No lookin' back
Make no mistakes
'Cause I'm here to stay

Ooh, got no time to hesitate
Never take the easy way
I don't look back on bad decisions made
Ain't the type to roll over and die

Can you hear my train comin'?
Can you feel the ground shake?
Have you got what it takes?

I'm runnin' like a freight train
Burnin' down the tracks
Nothin' can get in my way
Like a freight train
No lookin' back
Make no mistakes
'Cause I'm here to stay

Hey, hey!

Whoa!

'Cause I'm runnin' like a freight train
Burnin' down the tracks
Nothin' can get in my way
Like a freight train
No lookin' back
Full speed ahead

'Cause I'm runnin' like a freight train
Burnin' down the tracks
Nothin' can get in my way
Like a freight train
Ahead of the flames
Make no mistakes
'Cause I'm here to stay
