

Nothing to Lose

Vandenberg

I've got no time to worry
I live my life the way that I want to
I'll live today not tomorrow
Don't need no friends
I just live by the hours

Out in the streets
Lights shining bright
That's where I'm gonna be tonight
That's where I'll be tonight

Nothing to lose, nothing to lose
Nothing can get me down
Nothing to lose, nothing to lose
Nothing can get me down

Ain't got no home, I'm a mover
I'll pack my bags whenever I want to
Life is a game, I'm a gambler
I'll play to win 'cause I don't feel like losing

Get me down

Ain't got no need to raise a family
No steady job now, no chance
I'ma running free, yeah yeah
