

Shadows Of The Night

Vandenberg

Bad mistakes I made a few
Bit off more than I could chew

Keep on running I can't stand still
Get in trouble while looking for thrills

Burned some bridges along the way
My best intentions went astray

Shadows of the night
Into the darkness I'll ride
Far away from the lights
I will fly

Been around sailed the seas
Breaking barricades while chasing dreams

I'm only human, I make mistakes
I try to fix them and set things straight

Shadows of the night...

Bad mistakes I made a few
Bit off more than I could chew

Sometimes it's better to not look back
Just move ahead and try to pick up slack

Shadows of the night...
