

## Too Late

Vandenberg

First at the start  
You don't know what's happenin'  
You're losin' ground  
Something's hit your heart  
You are possessed  
You are caught in the light  
It kicks your ass  
Feel like you're hypnotised

Sometimes you feel  
Life just can't be the same  
Nothing except hard rocks in your soul  
Now let it roll  
Bang your head against the wall  
Play it so loud  
Your neighbours leave their house

It's too late to stop the train  
Things will never be the same  
It's too late to stop the train  
Things will never be the same

Feel bass drums kick  
Guitars fight, sing and scream  
Bass keeps on pumping  
Thunder's in the air  
Once you may feel  
And you know that it's real  
Hang on tonight  
Never let you down

It's too late to stop the train  
Things will never be the same  
It's too late to stop the train  
Things will never be the same

Alright, come on

It's too late to stop the train  
It's too late to stop the train

It's too late to stop the train  
We gotta roll out  
It's too late to stop the train  
I gotta tell you now  
It's too late to stop the train  
Oh yeah  
It's to late too stop the train
