

Voodoo

Vandenberg

She, she don't seem strange to me
I was in love and too blind to see, oh
She (she) warned me to treat her right
(get that warning)
She wouldn't let no one hurt her inside, no

She is such a voodoo, she won't let me go
Should have believed her before
She is such a voodoo, needles in a doll
Everything's been my own fault

Still I see that look in her eyes (get that warning)
And she said she's sad with me or my life
(tell me what you told her then)
When (when) I told her it's over (now it's over)
She just said "No (no), I won't let you go"
(she'll never let you go)

She is such a voodoo, she won't let me go
Should have believed her before
She is such a voodoo, needles in a doll
Everything's been my own fault

When I tried to get away
Suddenly everything hurts
She's got a way to make me stay
Kind of a voodoo curse

She is such a voodoo, she won't let me go
Should have believed her before
She is such a voodoo, needles in a doll
Everything's been my own fault

She won't let me go (she)
She won't let me go (she is such a voodoo)
It's my own fault!
