

Caffè Latte

Vane Lily

Time ago
I kissed your lips
And felt the warmth they give, oh

I had one last dream
Spoken on my final day
Oh, you granted it
Yes, you granted it

On a cold winter day
For comfort, I went into your café
The walls were painted grey, and as I walked in
I locked eyes with you

A beautiful, pink haired maiden
With a smile so welcoming and bright
And yet, the place was empty at first sight

Welcome, welcome
Come on in!
Put down your stuff
What can I get for your order?
My first customer!

And I asked for
"A caffè latte
It's my favorite drink"
You say, "No way! Hey
Tell me, what's your name?"
I do a smile and say
"It's Hana, I think I'll stay for awhile"

On another winter day
I wanted to go into your café
The sky was colored grey, so I walked in and
Saw your face
You noticed there was something wrong
"Those eyes of yours seem a bit dull today"
I sighed, "Every day is such a pain
With my heart getting weaker with each day
I want to do so much, but my dreams can't be obtained"

And you brought me
Another caffè latte
"Hey, tell me all of your dreams
Tell me right away
I'll do my best to help you see your fantasies
I promise you that you'll see them clearly"

You revealed your power to me
Despite how scary it seems
I don't wanna leave
You make me feel like
I'm in a dreamland
"Well, are you ready to go?"
And you took my hand

On my final day
You and I were alone
In the bedroom where we spent many days
And we drank caffè latte
And with my final breath
I gave you a kiss, and said

"Hey, did I ever say that you made a dream come true without your power?
You did it by making me happy
And so I fell for you, my darling
I'll see you in another life"

Hey, hey it's okay
It's okay to be sad
It's okay to be in pain
I know it must be tough
Being alone in a world
Where living is rough

Just let the tears roll down your cheek
But now listen to me
Listen to my final plea
Please stop these rituals and
Stop these contracts
There's no bringing me back

Death was waiting for me
And now it's my time to go
Oh, it's my time to leave
I know you think that
It isn't too late
But, not just for my sake
Please let go...

You have a life to live
And getting lost in the past
Will ensure your pain will always last
So, please step away from my grave
And I will promptly decay
Into a memory for you

I'll see you in another life (Please don't go...)
Cassandra (Hana)
I love you
