

Cotton Candy

Vane Lily

Two years ago, we first met then
Speaking from a distant land
One glance, and right then my heart grew
One glance, and right then I knew

One day I would come to meet you
Even if the distance is true
I'll find a way to reach you
Funny the things that love can do

When the darkest days are upon us
And I'm stumbling in the past
I just think of the things we could do
When I'm finally with you
All I wish for...

What I want want is to see you, hold you, love you
Take you out to a fair and see the sights
Find a way to hold you, hold you, and
Give you a bit of
Cotton candy

What I want want is to see you, hold you, love you
Take you out to see the world and
Find a way to hold you, hold you, and
Smile for we shall meet
Once again my love

Two years past, we're finally here
Many moments have made it clear
You and I were meant to meet
So many lovely memories

October sixth, I recall
When you first asked for my hand
In July we first embraced and
That first kiss, so sweet, won't be erased

When the brightest days are upon us
And I look to our future
I'm thinking of the things we could do
When I'm finally with you
All I, all you, all we wish for...

What I want want is to see you, hold you, love you
Take you out to a fair and see the sights
Find a way to hold you, hold you, and
Give you a bit of
Cotton candy

What I want want is to see you, hold you, love you
Take you out to see the world and
Find a way to hold you, hold you, and
Smile for we shall meet
Once again my love

Through the window we saw the

Sunset come into view
Laughter fills the room as
I looked towards you

Will you hold my hand, daring?
Let's not plan it at all, just
Let the world keep on spinning
And never let go of my hand

All I want want is to see you, hold you, love you
Take you out on a bright summer day and
Not ever let go of you, of you, and
Smile, for we have kissed again and

Ah, please stay with me until the end of time
I vow not to hurt you, I will protect you
The one who has lit up my life
I couldn't ask for more
I love you
