Vane Lily

Dancing shadows grab at my arms  
They whisper and giggle a riddle for charm  
Lady lovely, answer me this  
If clowns aren't real, then who broke the abyss?

Follow close, you mustn't get lost  
Your temper is nonsense, it's devil has claws  
Open up the depths of your mind  
It's vile, dear  
Oh, you won't like what you find

Do you see what I see in the pyre?

Laugh and laugh and laugh and laugh at me  
Laugh and laugh and laugh and laugh (at me)  
Give me a kiss and make me see  
Take photos of my arteries  
My, what a strange dichotomy  
Isn't it funny?  
You broke the key  
(-ey -ey, -ey -ey, -ey -ey)

Take away my sympathy  
Take away my veins  
Take away my empathy  
Take it all, take it all, take it all  
Take away my vanity  
Take away my brain  
Take away my misery  
Take it all, take it all, take it all

Break apart my sympathy  
Hang it on a stage  
Break apart my empathy  
Break it all, break it all, break it all  
Break apart my vanity  
Lock it in a cage  
Break apart my misery  
Break it all, break it all, break it all

Do you see what I see bound by wire?  
In the pyre

Laugh and laugh and laugh and laugh at me  
Laugh and laugh and laugh and laugh (at me)  
Sacrifice my autonomy  
Weaponize my psychology  
Cannibalize morality  
Isn't it funny?  
(Funny funny funny)

Laugh and laugh and laugh and laugh at me  
Laugh and laugh and laugh and laugh (hahahaha)  
Give me a kiss and let me see  
Take photos of my arteries  
My, what a strange dichotomy  
Isn't it funny?

You broke me

Why aren't you laughing?

Ah ah-ah-ah-ah-ah-ah-ah

Why aren't you laughing?

Ah ah-ah-ah-ah-ah-ah-ah
