Vanessa Amorosi

Remember my name and look me up, I got Facebook and Twitter we
could link up,
I don't read the rumors or what they say, cause I'm a pretty no
rml person in every way,

I'm giving you my name just write it down, We can take a pretty
picture of me now,
I'm giving you my name just write it down, We can take a pretty
picture of me now,
I think you'd be surprised by all my friends, And all the video
s of me cause I like to dance,

Rumors written on your page.
Facebook bitches that you hate.
Misconception of your words.
What's bad is good haven't you heard
It's just gossip

I think you leave and get out
Don't wanna mess with things they get left out
I don't read the rumors or what they say, cause I'm a pretty no
rml person in every way,

I'm giving you my name just write it down, We can take a prett
