

Don't Just Go Back Arrive

Vanessa Hudgens

What I'm going to wear my first day back to school
You could really rock the style with me
If i'm with you i be me obviously
How about me?

Pick me, pick me, pick me, pick me, pick me, pick me, pick me, pick
me, pick me, pick me

I've got the looks
To go with the books
Style that gets a's
I'm used to the praise
Not space in class it
My hand that gets arrised

Cute skirt
White shirt
Looking good enough
To fill out a torium
For Validictorian
(Ooh)
Before me now
These shorts look smart
If put it on right
Don't just go back
Arrive

I'm going back to school
And that's so cool
There's no trap
(Trap)
I gotta come back
And you
Can watch me ride
When I arrive

A walking music video
Straight off T.V
A style radio tuned
To all the stations

If they cheats they a.m
The books they f.m
My hook and my look
Make em' crazy hectic
My image is like
My guitar electric
Turn my volume high
Let em' know your alive
Don't just go back
Arrive

I'm going back to school
And that's so cool
There's no trap
(Trap)
I gotta come back
And you

Can watch me ride
When I arrive

I'm sick
From insecurity
Popularity
It's like
Just about parody
It's says
To rock so what
(It's a fear of me)

Don't look
Don't jock, my style
When I'm gearing up
Don't try to go
Skip my time
Cause' the look's so edgy
And it's mine for long
So step it up, step it up
Don't take my time
Don't just go back
Arrive

I'm going back to school
And that's so cool
There's no trap
(Trap)
I gotta come back
And you
Can watch me ride
When I arrive

I'm going back to school
And that's so cool
There's no trap
I gotta come back
I gotta come back
I gotta come back
And you
Can watch me ride
When I arrive
