

BOP!

Vanessa Williams

Yes, bitch
Bop, I'll bring the bop (Bop)
Ladies and gentlemen
Bop, I'll bring the bop (Bop)
They-dies and gentle-thems
Bop, I'll bring the bop (Bop)
Bop, I'll bring the bop (Bop)
Welcome to the dance floor, the true international diva
Bop, I'll bring the bop (Bop)
Bop, I'll bring the bop
Vanessa Williams
Ooh

My intuition when I walk into the room
Says there's a somethin' missin'
So I step right in to see what I could do
To help the situation get rectified
So listen to what mama said
Never let 'em see you sweat
Just give the children everything they came to get
Be intent in love
Every time you hit this floor
With every step you take, it's tens across the board (Tens across the board)

So if you bring the fire, I'll bring the heat (Bring the heat)
And if you bring desire, I'll bring the beat
'Cause there's only one way that this won't stop
The kids love a runway and a good old bop

So follow mother through the door
And meet me inside by the floor
A-that's what I came here for
They told me the kids need a bop
I'll bring the bop (Bop)
Dance, you already understand
Do it while you got this chance
To make sure the beat don't stop
I'll bring the bop (Bop)

Bop, I'll bring the bop (Bop, yeah, yeah, yeah, yeah)
That is a certified bop
Bop, I'll bring the bop (Bop)
Bop, I'll bring the bop (Bop, yeah, yeah)
It's time to dance
Bop, I'll bring the bop (Bop)
Bop, I'll bring the bop (Bop)
Are you ready? (Yeah, yeah, yeah, yeah)
Bop, I'll bring the bop (Bop)
Are you ready?

Bop, I'll bring the bop (Bop)
(Yeah, yeah)
It's time to dance
I'll bring the bop

Wait, stop, mama came with a bop
She's at the top, just in case you forgot
Your favorite's fave, top of the Pop's (Ooh)
Finer with age, keepin' it hot
It's Vanessa, bring the pressure
Plus successor, rocker dresser
It's Vanessa, beauty and essence (Give it to us)
We on the cover giving lessons

This is for my mother (Mother)
Yes, my mother (Wear the crown, yeah)
She is like no other (Other)
And I love her (No, no, no, feel the flame)
This is for my mother (Mother)
I got it from her (Yeah, everything)
Save the best for last (Oh, yeah)
Rediscover (Here we go, girl)

So follow mother through the door
And meet me inside by the floor
A-that's what I came here for
They told me the kids need a bop
I'll bring the bop (Bop)
Dance, you already understand
Do it while you got this chance (While you got the chance)
To make sure the beat don't stop
I'll bring the bop (Hey)

Are you ready?
Bop, I'll bring the bop (Bop)
That is a certified bop
Bop, I'll bring the bop (Bop)
Bop, I'll bring the bop (Bop)

All right, go on, girl
Bop, I'll bring the bop (Bop)
Follow mother to the floor
Bop, I'll bring the bop (Bop)
Give a bitch what she's asking for
Bop, I'll bring the bop (Bop)
Turn it up, turn it up, ten, ten
Bop, I'll bring the bop (Bop)
Turn it up, then bitch, go in
Come on

Yes, bitch
To make sure the beat don't stop
Come on, get up
Bop
Bop, I'll bring the bop (Bop)
Uh-huh, ooh
So follow mother through the door
Bop, I'll bring the bop (Bop)
And meet me inside by the floor
