

# On The Other Side Of The Tracks

Vanessa Williams

On the other side of the tracks  
That's where I'm going to be  
On the other side of that great divide  
Between fame and fortune and me  
Gonna put my shadows behind me  
Give my inhibitions the ax  
And tomorrow morning, you'll find me  
On the other side of the tracks

On the other side of that line  
Where the life is fancy and free  
Gonna sit and fan on my fat divan  
While the butler buttles the tea  
But for now, I'm facing the fences  
And I can't afford to relax  
When the whole kaboodle commences  
On the other side of the tracks

So I'm off and running over the rail  
I'm going gunning after the quail  
Off and running, send me my mail  
To the great big world on the other side  
The great big world on the other side  
The great big world on the other side of the tracks

So I'm off and running over the rail  
I'm going gunning after the quail  
Off and running, send me my mail  
To the great big world on the other side  
The great big world on the farther side  
The great big world on the other side of the tracks  
To the great big world that'll open wide  
To the great big world on the other side of the tracks
