

Cannonball

Vanic

Best thing you taught me was how to leave
The worst thing you lost was my loyalty
You can keep on doing what you do to me, uh
I lost you but I ain't losing sleep

You can keep on throwing cannonballs, throwing cannonballs
I know that you wanna watch me fall, like a domino
I can't even feel 'em anymore, I'm an animal
You can keep on throwing all you want, throwing cannonballs

Throwing cannonballs
I'm an animal
Throwing cannonballs

You tried to make me your enemy
But all I feel now is sympathy
You can try to do what you did to me, uh
I lost you but I ain't losing sleep

(You can keep on throwing cannonballs
I know that you wanna watch me fall)
I can't even feel 'em anymore
You can keep on throwing all you want)

You can keep on throwing cannonballs, throwing cannonballs
I know that you wanna watch me fall, like a domino
I can't even feel 'em anymore, I'm an animal
You can keep on throwing all you want, throwing cannonballs
I can't even feel 'em anymore, anymore

Throwing cannonballs
I'm an animal
Throwing cannonballs
I'm an animal

Used to weigh me down
When you came around
Now I know your fists are made of paper
I'ma break it down
You don't know me now
But you're 'bout to see a force of nature

Used to weigh me down
When you came around
Now I know your fists are made of paper
I'ma break it down
You don't know me now
But you're 'bout to see a force of nature

You can keep on throwing cannonballs, throwing cannonballs
I know that you wanna watch me fall, like a domino
I can't even feel 'em anymore, I'm an animal
You can keep on throwing all you want, throwing cannonballs

Cannonballs

I'm an animal

Throwing cannonballs
