

## Get Away

Vanic

You think you could get away but you won't  
And I did my best to let you out here  
You tried to escape but you're caught by the throat  
And you made your bed but there's no one there

I won't let you go that easy  
No I won't let you  
So wish I could let this go  
No I won't let you  
Get away

(Get Away)

You kept me chained with you eyes all along  
And you made this mess now you'll write your wrongs  
Your shadow is pain it haunts like a ghost  
This wasn't the same it's not even close  
You hurt me the most

I won't let you go that easy  
No I won't let you  
So wish I could let this go  
No I won't let you  
Get away

(Get Away)

I won't let you go that easy  
No I won't let you  
So wish I could let this go  
No I won't let you  
Get away
