

Have My Back

Vanic

Yeah you used to have my back
Now you're gone
How am I supposed to live
Without you always in my ear (ear, ear, ear)
Now you're gone
There's a monster in the mirror
I wish he'd disappear (disappear)

Have my back
Now you're gone
How am I supposed to live
Without you always in my ear
(In my ear)
Now you're gone
There's a monster in the mirror
I wish he'd disappear (disappear)

How am I supposed to live
Without you always in my ear
(In my ear)
There's a monster in the mirror
I wish he'd disappear (disappear)

Let's go back to the good days
When your love was my energy
I'd wake up feeling okay but lately
Things have begun to change
We were made of broken pieces
Gathered by all of my demons
We used to be something
And you used to love me

Yeah you used to have my back
Now you're gone
How am I supposed to live
Without you always in my ear
Now you're gone
There's a monster in the mirror
I wish he'd disappear

How am I supposed to live
Without you always in my ear
(In my ear)
There's a monster in the mirror
I wish he'd disappear
(Have my back)

Have my back
How am I supposed to live
Without you always in my ear
(In my ear)
Now you're gone
There's a monster in the mirror
I wish he'd disappear
(Disappear, disappear, disappear)
