

# Perfect

Vanic

Perfect  
It's like we were  
Made for each other in a different life  
And now the timing isn't right  
We ignored the warning signs

Oh

Our fingertips lining up  
Synchronized when we touch  
Got a tragedy kinda love  
It's gonna end in tears

Yeah I know it's obvious  
Curtains closed our time is up  
Got a tragedy kinda love  
No happy endings here

No we weren't perfect but it felt like it  
Yeah it felt like it oh  
We were feigning blind but can't hide it  
Writing on the wall  
Cause our fight with fate was one sided  
It was decided for us  
No we weren't perfect but it felt like it  
Yeah it felt like it was

Two of a kind  
Your disposition is the same as mine  
If it's so wrong then why do you feel right  
I think about it all the time

Our fingertips lining up  
Synchronized when we touch  
Got a tragedy kinda love  
It's gonna end in tears

No we weren't perfect but it felt like it  
Yeah it felt like it oh  
We were feigning blind but can't hide it  
Writing on the wall

No we weren't perfect but it felt like it  
Yeah it felt like it oh  
We were feigning blind but can't hide it  
Writing on the wall  
Cause our fight with fate was one sided  
It was decided for us  
No we weren't perfect but it felt like it  
Felt like it was
