

Too Soon

Vanic

Gotta get myself out of this town
Cause we got a lot of history
And if I don't get away, I might drown
In a sea of haunted memories
Everybody wants to know what happened
Cause they thought that we were meant to be
And I'm sorry I don't have an answer
The people always asking me

Yeah people always asking
People always asking
People always asking me

I tell them if you don't want me to keep feeling this pain
Don't say his name
Don't say his name
Cause he's not something that I wanna explain
Don't say his name
Don't say his name
It's too soon
It's too soon
It's too soon
Don't say his name
Don't say his name

Don't say his name
Don't say his name

Don't say his name
Don't say his name

And I wonder where you're sleeping
Cause I know it isn't next to me
Got to find that silver lining
And think of it as being free

And people always asking
People always asking
People always asking me

I tell them if you don't want me to keep feeling this pain
Don't say his name
Don't say his name
Cause he's not something that I wanna explain
Don't say his name
Don't say his name

Don't say his name
Don't say his name

Got me worked up, all upset
I just can't talk about it yet
Cause you know I'm not okay
I just don't know what's left to say

Got me worked up, all upset
I just can't talk about it yet

Cause you know I'm not okay
I just don't know what's left to say

I tell them if you don't want me to keep feeling this way
Don't say his name
Don't say his name
Cause I don't think that I should have to explain
Don't say his name
Don't say his name

Don't say his name
Don't say his name
It's too soon
It's too soon
It's too soon
Don't say his name
Don't say his name
