

Good Good Lovin'

Vanilla Fudge

I want some good, good, good livin'
I want some good, good, good livin'
I'm tired of wars
I'm tired of fights
Now I want every man to have his rights
Now come on people
Don't turn your backs
Let's get together
And start talkin' fast
Oh, show 'em

We've gotta stop our way of thinkin'
And now we gotta stop our ship from sinkin'
I wanna be able to love who I wanna
And I wanna be able to do what I please
Now I want some good, good, good lovin'
Now give me some, good, good, good livin'
Oh

I want some good, some good, good livin'
I want some good, good, good livin'
Now I'm tired of wars
And I'm tired of fights
And I want every man to have his rights
Now come on people
Don't turn your backs
Let's get together
And start talkin' fast
Oh...
