

# Where Is Happiness

Vanilla Fudge

From the morning sunrise,  
Til the evening sunset

Sunshine in the garden  
And through my window pane  
The clouds were white as cotton  
The ocean was so tame  
(It was beautiful)

From the morning sunrise,  
Til the evening sunset

I went into the garden  
Into the bright sunshine  
This beauty mans forgotten  
In this rat race called time.  
(Where time will end.)

From the morning sunrise,  
Til the evening sunset

The beach was so deserted  
There was no life to find  
It looked like her beginning  
It looked like end of time  
(It was beautiful)

From the morning sunrise,  
Til the evening sunset  
...evening sunset  
...evening sunset
