

# Detonator

Vanilla Ice

Lettin' loose it's the detonator setting off a time bomb, ring the alarm  
I'm coming thru with the wickedness  
inject the fluid of the sickest and watch as I kick this

I got a nation of millions to capture  
lyrical disaster pass the ganja  
choppin' shit like a bladerunner  
huntin down my opponents like the predator  
ready to start my search like the hunt for red october 31st  
day of my birth had much pain as an adolescent  
natural stigmata, much drama when Mom's was stressin  
they're on my trail like the bone collector  
select the sense from my sixth  
inject the fluid of the wickedness  
f\*\*k the world! is my motto  
I just can't understand why they point the finger  
when they see me doing my thing  
bitches swing when they see me pass by  
in the GS4 with the Cane plates bought from my last tour  
it's amityville horror on haters block  
for those that copycat my tactics trying to make it to the top  
like in the shining when Jack Nicholson got possessed with the wickedness  
I'm true to kicking this

Lettin' loose it's the detonator setting off a time bomb, ring the alarm  
I'm coming thru with the wickedness  
inject the fluid of the sickest and watch as I kick this

Like Manson dismantling MCs who oppose a threat  
you really don't want to get into some shit that you'll regret  
cause like Samuel I hold the whole place for negotiation  
incarcerating anyone with the temptation trying to test my faith  
(is it safe to come out and play now) is he gone?  
man i don't understand what kind of high this dude is trippin on  
pure ICE with a twist of vanilla thriller  
captivating souls like the body snatchers  
its return of the living Caucasians  
of psychopathic mind grabbing Asiatic demonic fanatics  
causing havoc bringing the pain  
flaming up like in Backdraft  
feel the wrath of the lyrical combustion  
many aren't true to what they're busting  
(from the depths)  
I'm coming through like the Hell Raiser  
it's the end of days there's no escape from the detonator

Lettin' loose it's the detonator setting off a time bomb, ring the alarm
