Life Is a Fantasy

Vanilla Ice

Oh, yeah, oh, yeah, oh yeah Oh, yeah, oh, yeah, oh yeah Oh, yeah, oh, yeah, oh, yeah

In my dreams I vision myself at the ocean
Beautiful girls rubbin' me down with some lotion
Even though you know I flow as cold as an ice cube
Let me tell you how it is to make love on an inner tube

Floatin' on water while splashin' waves on your body Flowin' and goin', now pump it, pump it, hottie See, I wanna get loose with you, is that all right? Girl, I wanna' do it outside, under the moonlight

And get on down so we can make that love You be the hand and iceman'll be the glove This is your fantasy, your highest dream Fulfillin' all your pleasures to the utmost extreme

Oh yeah, oh yeah, oh yeah Life is just a fantasy Oh yeah, oh yeah, oh yeah Life is just a fantasy

Now, let me take you out so we can wine and dine As I pull you close you pull your lips next to mine Oh yeah, you like it like that You like it like I do and that's where it's at

So later on that night as we got in my car It started up again we didn't get very far You made it very clear that you were not in fear Leaned over to me and started kissin' my ear

Oh girl, you feel so good You couldn't wait to get home and I understood As we got busy, then I pulled up in the driveway You said follow me 'cause we're gonna do it my way

Walked in the front door you startin' strippin' clothes Turned off the lights and assumed the pose Closer and closer, hot anticipation You walked into the closet, came out in some lace 'nd

I almost lost my mind, but I kept it in tact
The lace you was wearin' ohh, I got an attack
'Cause this is your fantasy, your highest dream
Fulfillin' all your pleasures to the utmost extreme

Oh yeah, oh yeah, oh yeah Life is just a fantasy Oh yeah, oh yeah, oh yeah Life is just a fantasy

Come on, baby and let me be your toy
I'll let you do as you wish just to give you joy
And get down, I know you wanna' get loose

Let's do it like a train and I'll be the caboose

Or better yet, I'll take you higher, I think that it's time To make love to you, baby on cloud number nine As we start pumpin', sweat pours down my chest And that's when you know Vanilla Ice is the best

You say ooh, ah, ooh, ooh, ah
I don't know what it means but I like it a lot
This is your fantasy, your highest dream
Fulfillin' all your pleasures to the utmost extreme

Oh yeah, oh yeah, oh yeah Life is just a fantasy Oh yeah, oh yeah, oh yeah Life is just a fantasy

Oh girl, oh, yeah Life is just a fantasy Oh girl, oh, yeah Life is just a fantasy

Oh girl, oh, yeah
Life is just a fantasy
Oh girl, oh, yeah
Life is just a fantasy
Life is just a fantasy
Life is just a fantasy

Oh yeah, oh yeah, oh yeah Life is just a fantasy Oh yeah, oh yeah, oh yeah Life is just a fantasy
