Vanilla Ice

You know it's Friday (Know it's Friday), and I just got paid
Baby, won't you come roll with me?
I'ma take you to the rodeo (I'ma take you to the Rodeo)
Show you off at the rodeo
Put your left foot in, take your right foot out
I'ma show you what love's about
I'ma take you to the rodeo (I'ma take you to the Rodeo)
Show you off at the rodeo (Show you off at the rodeo)

That's my lady, jewelry drippin' like ice cream
Ice, ice, baby got me hotter than wet dreams
(Uh, uh, uh!) She want it all the time (All the time)
That's we lay back and we grind and grind (Yeah, we grind)
And then she come out with that white lace on (Ooh yeah!)
Goddamn, got me hard to the bone (Hard, boy)
It's fantasy, or is it ecstasy?
We throw them pillows and we stain the sheets
And Bronco Billy ain't got nothin' on this (Bronco Billy)
Saddle up, baby, give me a kiss

Cruisin' down them back roads, this patriot's full of pride
She push it to the limit, all in, I'm talkin' do or die
Real love at first sight, yeah, I'm nothin' like them other guys
Say your heart been broke before
I know your heart been broke before
Just pack your bags and we out, you're with the king of the South
You ain't ever comin' back, baby, this ain't for clout
You so beautiful to me, cowboy boots with a tee
You got your mama's smile with some brand new double D's

I'ma take you to the rodeo, maybe we could do-si-do
She say "Stoney got some charm, maybe he could be my Romeo"
Giddy up, giddy up, giddy up, baby, hop up in my whip (Get in!)
I'm the type to open the door before you sit (Gangsta!)
She said "I'm not used to this, wait 'til we get to the VIP"
She said she like horses, well I do too
I like Clydesdales, Belgians, even 'Raris too
I like how the 488 go fast like "Vroom!"

She like "Stoney, is you goin' country?", I'm like "Naw, girl"
Heard you like them cowboys, hop up on me, cowgirl, yeah!
