

No Regrets

Vanilla Ninja

Since I was a little girl
They said don't leave your little world behind
It ain't safe
Your heart gets broken on the way
But shards of hearts they light the day and so
I won't stay

No right
No wrong
It's all about you
It's all about you

I have no regrets
I'm standing on my ground
And the colors that I show
Change within me as I grow, they do

I have no regrets
While thinking just of you
All the troubles that I've known
Paint the colors as I go, they do

Hey, little girl you talk too much
Go stand in line and cover up your truth
You stay tamed
Dreaming big is just for fools
They said to me but I refuse to lose
Oh myself

No right
No wrong
It's all about you
It's all about you

I have no regrets
I'm standing on my ground
And the colors that I show
Change within me as I grow, they do

I have no regrets
While thinking just of you
All the troubles that I've known
Paint the colors as I go, they do

Dreaming big is just for fools
They said to me but I refuse to lose
Oh myself

No right
No wrong
It's all about you
It's all about you

I have no regrets
I'm standing on my ground
And the colors that I show
Change within me as I grow, they do

I have no regrets
While thinking just of you
All the troubles that I've known
Paint the colors as I go, they do

I have no regrets
