

White Flags

Vanilla Ninja

Pictures like a stormy weather
Running through my mind tonight
In my head they're anchored together
Full of sadness hate and fright

True bad facts
Cruel attacks
Bruises of love that went too far

I can't sleep when white flags are burning
I can't stand the fight
I can't keep my fate when it's turning
To a hopeless side
Just gimme a sign
Help me face
Secrets of a hiding place
Come to my mind
Solve the break
From stayin' awake

I can't sleep when white flags are burning
I can't stand the fight

I felt tired tortured and lonely
Couldn't get you off my head
All I ever wanted was only
Get back to the life I had

True not sad
New not mad
Blue but still away from war

I can't sleep when white flags are burning
I can't stand the fight
I can't keep my fate when it's turning
To a hopeless side
Just gimme a sign
Help me face
Secrets of a hiding place
Come to my mind
Solve the break
From stayin' awake

I can't sleep, I can't sleep, I can't sleep at night

True bad facts
Cruel attacks
Bruises of love that went too far

I can't sleep when white flags are burning
I can't stand the fight
I can't keep my fate when it's turning
To a hopeless side
Just gimme a sign
Help me face
Secrets of a hiding place
Come to my mind

Solve the break
From stayin' awake

I can't sleep when white flags are burning
I can't stand the fight
