I got what you need every season
Givin' you the keys, you can keep 'em
Got me in your sea, pull me deeper
And every time we hit, I'm addict, I'm addicted
Rolling in your trees, I'm a fiend now
Seein' everything I could dream 'bout
And no one's gonna bring what I need now
I'm waiting for the heat, don't you hold, don't you hold out

Oh, you break me, yeah, you turn me to a heathen, babe
Can't fake it now, I'm callin' for ya daily
So take this crown, I'll be the throne
And put it down every type of way, yeah

Always chillin' 'cause I know you got me covered, yeah

No more thinkin' straight and no more holding out

So take this crown, yeah, I'll be the throne
