Come Over Again

VanJess

I hit you on your line
I wanna come over
I wanna come over, yeah
No need to waste my time
I wanna come over
I wanna come over, baby
It's the remix

Oh boy, you been on point
Flew me out
I'm dressing how you like it, huh, boy?
I already told you that
I got what you need anywhere

I got you addicted
Every single season
Fresher than the breezes
On California beaches

Watch you eat it then I flip it and repeat to, uh
Any time you wanna kick it you know where to roll

So just tell me if you want me to, oh
And I'll tell you what I'm needing from you, oh baby

I hit you on your line
I wanna come over
I wanna come over, yeah
No need to waste my time
I wanna come over
I wanna come over, baby
It's the remix

Lean back, pressing forward
Now we on the move
I'm just really glad that I can hit you how I do

We got a mutual appreciation
Nothing serious
No, that'll me run
When can kick it again?
Then can we freak it?

(I hit you on your line)
I hit you on your line
I wanna come over
I wanna come over, yeah
No need to waste my time
I wanna come over
I wanna come over, baby
It's the remix

Yeah, baby, it's the remix
