

Drumroll

VanJess

Bom be da Bom be da Bom Bom yea
Bom be da Bom be da Bom Bom yea
Bom be da Bom be da Bom Bom yea
Bom be da Bom be da Bom Bom yea

I need my guy like a soldier ready to fight
But with you it's a hype cause you bark but you can't bite
That other girl might have called you a winner once
But I'm not her no I don't settle for the weaker ones

You're fooling everyone but me
I need a dude who's free from trickery
That got to you and I can see it
Whoa oh

No you don't even get an intro
(No drum roll no)
You're like a rhythm with no soul
(No drum roll yeah)
And what's a feeling without no emotion?
Boy go, no intro
No drum roll

Bom be da Bom be da Bom Bom yea
Bom be da Bom be da Bom Bom yea

I don't care for the material
Just as long as he's an original
You'd better save those lines for that other chick
I can't be as easy as I know you wish

You're fooling everyone but me
I need a dude who's free from trickery
That got to you and I can see it
Whoa oh

No you don't even get an intro
(No drum roll no)
You're like a rhythm with no soul
(No drum roll yeah)
And what's a feeling without no emotion?
Boy go, no intro
No drum roll

No you don't even get an intro
(No drum roll no)
You're like a rhythm with no soul
(No drum roll yeah)
And what's a feeling without no emotion?
Boy go, no intro
No drum roll

(No intro)
Get right get right
(No drum roll)
You wanna be my soldier
(No intro)

Get right get right
(No drum roll)
If you wanna go my way
If you're going my way
Flatlined and the deck has run low
All bets are off honey now you've got to go
When I blow out the fire from your candle
Trying to hold on to what you couldn't handle

No you don't even get an intro
(No drum roll no)
You're like a rhythm with no soul
(No drum roll yeah)
And what's a feeling without no emotion?
Boy go, no intro
No drum roll

No you don't even get an intro
(No drum roll no)
You're like a rhythm with no soul
(No drum roll yeah)
And what's a feeling without no emotion?
Boy go, no intro
No drum roll

You get no intro
Still no drum roll
You get no intro no no no
This ain't no solo, just like I told you
You get no intro no no no no
Sit yourself down now babe
Don't make me get louder babe
Come a little harder like the beat drumming
Bom bom be da bong hey bong hey

No you don't even get an intro
(No drum roll no)
You're like a rhythm with no soul
(No drum roll yeah)
And what's a feeling without no emotion?
Boy go, no intro
No drum roll
