

In & Out

VanJess

Breathe this love

You been cruising through this mind too long, mmh
Need your precious time so please get off that phone, oh-oh
So much love to take in, yeah
Like this air we breathing, yeah
You been cruising through this mind too long, oh-oh

We breathe in and out
This love, yeah
This love, yeah

Have you lost your way?
Feel you can't escape
'Cause the air we breathe
Seems to lead us back, and, baby, you know
That I need you here
Can you get here fast? I'm too lonely, and, oh
You been cruising through this mind
Too long, oh-whoa

We breathe in and out
This love, yeah (breathe in, breathe in)
This love, yeah (breathe in, breathe in)
We breathe in and out
This love, yeah (breathe in, breathe in)
This love, yeah (breathe in, breathe in)

Feels like I've been distant, I know ([?])
Trust me you've been gripping my soul

Have you given up? Woo!
Are we still in love?
'Cause the air we breathe
Seems to lead us back, and, baby, I know
That you need me there
Like I need you bad, I'm broken without you
And you've been cruising through this mind
Too long (baby)

We (we) breathe (breathe) in and out
This love, yeah (breathe in, breathe in)
This love, yeah (gonna breathe in, breathe in)
We (we) breathe (breathe) in and out
This love, yeah (breathe in, breathe in)
This love, yeah (gonna breathe in, breathe in)
