

My Love

VanJess

Hopeless romantic, he's givin' the fever
Roses on my bed, on my bed, I'm takin'
There's only you and I (you and I)
And no one's gonna break through
Ain't no infatuation, forever is what I get with you
So tell me when I cross the Nile
I'm runnin' laps I'll go for miles
I'm fine on everything you like
And give you all it's true

My love is for you
You, you, ooh, ooh, boy
My love is for you
You, you, ooh, ooh, boy
My love is for you
You, you, ooh, ooh, boy
My love is for you
You, you, ooh, ooh, boy
My love is for you
You, you, ooh, ooh, boy
My love is for you
My love is for you, love is for you, love is for
My love is for you, love is for you, love is for
Love is for you, love is for, for you, for you

Let me change this one here
Know you like to go fast
Pull me to your waist, ahh
This our time so won't you roll to kingdom, that's right
I will keep you in mind
Don't take none with her
They hate this thing I am
Let me break it down for you like (break it down for you like)
You and I escape my high
So take me all the way, he said to the Bay
I know that it's worth it ayy

My love is for you
You, you, ooh, ooh, boy
My love is for you
You, you, ooh, ooh, boy
My love is for you
You, you, ooh, ooh, boy
My love is for you
You, you, ooh, ooh, boy
My love is for you
You, you, ooh, ooh, boy
My love is for you
My love is for you, love is for you, love is for
My love is for you, love is for you, love is for
Love is for you, love is for, for you, for you
