

Rewind Time

VanJess

Late night I overthink
Would he give me everything?
Tell the world I'm his everything?
Bring me home when he's gettin' lonely
Adventure time is what I'm missing
Takin' selfies in the kitchen
Damn, you got every filter
Sharin' moment after moment
You do your thing, I do my thing
We on the road, we try to talk
You get in love but I want more of you
I'm needin' you, ooh woo

Do you, think we could, rewind time?
To a place where my heart is used to, yeah
Do you, think we could, rewind time?
To a place where my heart is used to

We didn't know, it'd be so, difficult
Bath and a bed of roses
And boy I really want some roses
Don't you know we'll lose it all?
If we don't back to the basics

Yeah, yeah, where's the tender looks we get?
Where's the demons that we got?
From the start what I want

Is for you to remember
Our secret places, all the secret handshakes
I don't know why, I'm in a lie
Zen the fuck out, of all this shit, you say we got
I just want more of you
I'm needin' you

Do you, think we could, rewind time?
To a place where my heart is used to, yeah
Do you, think we could, rewind time?
To a place where my heart is used to

Oh, take me back in time, to the day or even place
When you had came into my life
Is what I see, hallucinations I don't know but maybe I'm-
On a trip but I can feel this shit is changin' overtime
Oh with this, runnin' through this pictures in my mind
Of what we have, of what can be, but ain't no wishing on it time
Reminisclin' on it, tried
Hard to set aside my pride
If they ever said this easy, you deserve to know they lied
And it's the truth, oh
Shit well still I'm feelin' glowed up
People talk on what they see but they don't really know us
I don't pay 'em no attention, I just always show love
When they hear this know the ladies feel me, trust it goes up
Sometimes harder to communicate, harder to relate
When there's problems I know we can handle 'em like grown ups
Give it time, breathe between all lines

Keep it movin' forward, ain't no space until rewind
No space until rewind

We, breathe, in and out this lovin', this lovin'
We (we), breathe (breathe), in and out this lovin', this lovin'
Yeah, yeah, yeah
Breathin', breathin'
