

The One

VanJess

I have bet it all
Every shred is gone
Search each other's souls
Layers on the floor

Anytime you hit me up
Saw the different intuition
Tellin' me that I should try
Someone

Baby you could be the one (be the one, be the one)
Be the one who change my life
Baby you could be the one (be the one, be the one)
Be the one that I can trust (tonight)

Inner voice on guard
I defend the line (ooh, babe yeah)
Think the worst to start
Will you make that stop?

Anytime you hit me up
Saw the different intuition
Tellin' me that I should try
Someone

Baby you could be the one (be the one, be the one)
Be the one who change my life
Baby you could be the one (be the one, be the one)
Be the one that I can trust (tonight)

Maybe you'll be, you'll be, you'll be
Yeah be out there waiting for me
If you can show me, show me, show me
That you're the one that I'm supposed to be with

Baby you could be the one (baby you could be, baby)
Be the one who change my life (tonight baby)
Baby you could be the one (baby you could be the one)
Be the one that I can trust (tonight)
