Bring Us Back

Vanotek

I've been on the run, I've been losing my mind
Can't seem to get it right
Try hard to get further, maybe next time
State of mind

We've been losing our cool and getting into fights
Can't seem to make it right, deep breaths, more steps
Should we draw the line when you're by my side?
When you're by my side

'Cause we're lost in all the waters, diving in the deep
Reaching out for something that is not me
Calling out for reason, baby, look into my eyes
Where I'm just turning cold, it's time that we decide

Oh, walk to me, set me free
I'm slipping through the crack
All, all our fears lost in tears
Can we bring us back?
Can we bring us back?

Stare in the mirror I can see my reflection
But part of you is part of me
Pull me close then you let me go like that
We fail into this small kinda mess

I'm my own perfect imperfection
Blaming you for wanting me
I need your life but I love myself
My internal health is crying out for help

'Cause we're lost in all the waters diving in the deep
Reaching out for something that is not me
Calling out for reason, baby, look into my eyes
I'm just turning cold, it's time that we decide

Oh, walk to me, set me free
I'm slipping through the crack
All, all our fears lost in tears
Can we bring us back?
Can we bring us back?

We're going for the motions
They hitting hard to game
No, we were not made for playing
Slipping in the further
But just nay one more try, one last time

Oh, walk to me, set me free
I'm slipping through the crack
All, all our fears lost in tears
Can we bring us back?
Can we bring us back?
Bring me back, bring us back
Bring us back, bring me back
