Only if you say so darling
I push some money for your plate, expensive taste, oh no
Heavy on the face, cuz
I party to my Quavo, darling
You got that five star rating, I just had to let you know
That girl I never chase nobody, but I'm

Running billa down to posto
For you girl I do the mosto
Got me on a rollercoaster
Girl, you know I need you closer
Running billa down to posto
For you girl I do the mosto
Got me on a rollercoaster
Girl, you know I need you closer
Girl, you know I need you closer
Girl, you know I need you closer
Girl, you know I need you closer
Girl, you know I

Show you the time of your life for the things that you want them all
Just put me on call, I'll be out your door in a minute
Give you that special feeling, oh no
And if the timing's short, I can pause it
Take the batteries out of the clock, say the word is done, oh
And girl I never chase nobody, but I'm

Running billa down to posto
For you girl I do the mosto
Got me on a rollercoaster
Girl, you know I need you closer
Running billa down to posto
For you girl I do the mosto
Got me on a rollercoaster
Girl, you know I need you closer
Girl, you know I need you closer
Girl, you know I need you closer
Girl, you know I need you closer
Girl, you know I

Running billa down to posto
For you girl I do the mosto
Got me on a rollercoaster
Girl, you know I need you closer
Running billa down to posto
For you girl I do the mosto
Got me on a rollercoaster
Girl, you know I need you closer
Girl, you know I need you closer
Girl, you know I need you closer
Girl, you know I need you closer
Girl, you know I
