

Beetlebum

VANT

Beetlebum
What you done?
She's gone now
What you done, beetlebum?

Get nothing done
You beetlebum
Just get numb now
What you done, beetlebum?

And when she let's me slip away
She turns me on and all my violence gone
Nothing is wrong
I just slip away and I, I, I am gone
Nothing is wrong
She turns me on
I just slip away and I, I, I am gone

Beetlebum
Because you're young
She's gone now
What you done, beetlebum?

She'll suck your thumb
She'll make you cum
Cause she's your gun now
What you done, beetlebum?

And when she let's me slip away
She turns me on and all my violence gone
Nothing is wrong
I just slip away and I, I, I am gone
There's nothing wrong
She turns me on
I just slip away and I, I, I am gone

He's on, he's on, he's on it
He's on, he's on, he's on it
He's on, he's on, he's on it
He's on, he's on, he's on it

He's on, he's on, he's on it
He's on, he's on, he's on it
He's on, he's on, he's on it
He's on, he's on, he's on it

He's on, he's on, he's on it
He's on, he's on, he's on it
He's on, he's on, he's on it
He's on, he's on, he's on it
