Propaganda Machine

VANT

You may come in here walking round like you own the place
Tell me does anyone ever truly really own a place?
You may criticise a rebel without a cause
But tell me is there ever really a rebel without a cause?

You may feel like the whole world is against you now now
You may feel like there is nothing you can do now now
You may continue to pretend that nothing is wrong now now
But you may already find it's too late

Shoot those that vote NO
Shoot 'em high shoot em low low
Shoot those that vote NO
Shoot 'em high shoot em low low
Propaganda machine, so lean no no no no no
Nothing you can do
You can do
Nothing now now

Shoot those that vote NO
Shoot 'em high shoot em low low
Shoot those that vote NO
Shoot 'em high shoot em low low
Propaganda machine, so lean no no no no no
Nothing you can do
You can do
Nothing now now

You may go outside, spend your life, looking for the answer
Baby look inside, compromise, philosophise and "get woke"
Photosynthesise, go green light, testing testing, line check
Made your bed, fucking dead, same old shit, choke choke

You may feel like the whole world is against you now now
You may feel like there is nothing you can do now now
You may continue to pretend that nothing is wrong now now
But you may already find it's too late

Shoot those that vote NO
Shoot 'em high shoot em low low
Shoot those that vote NO
Shoot 'em high shoot em low low
Propaganda machine, so lean no no no no no
Nothing you can do
You can do
Nothing now now

Shoot those that vote NO
Shoot 'em high shoot em low low
Shoot those that vote NO
Shoot 'em high shoot em low low
Propaganda machine, so lean no no no no no
Nothing you can do
You can do
Nothing now now

Shoot, high

Shoot, low
Shoot, high, low low

Shoot those that vote YES
Shoot 'em right shoot em left left
Shoot those that vote YES
Shoot 'em east shoot em west west
Propaganda machine, so lean no no no no no
Nothing you can do
You can do
Nothing now now

Shoot those that vote NO
Shoot 'em high shoot em low low
Shoot those that vote NO
Shoot 'em high shoot em low low
Propaganda machine, so lean no no no no no
Nothing you can do
You can do
Nothing now now

Fade away
No no no no no nothing you can do
You can do
Nothing now now
Fade away into the dark
Nothing you can do
You can do
